

Evicor AG, Rothusstrasse.23, 6331 Hünenberg, Switzerland

## Environmental Policy Statement

The main goal of Environmental Policy Statement of Evicor AG is to promote sustainability and environmental awareness, to reduce the impact of the firm's operations on the environment at all levels of the Evicor AG by:

- Meet and endeavor to exceed where possible, all the environmental legislation and sustainability commitments that applicable to the Company.
- Measuring and analysing the carbon footprint of our business activities in conjunction with other climate change mitigation and adaptation efforts.
- Minimise waste by evaluating operations and ensure they are as efficient as possible.
- We aim to embed minimise toxic emissions.
- Actively support recycling internally, as well as among its contractors.
- Preventing and minimise pollution and reducing consumption of resources through waste management strategies that promote waste minimisation re-use, recovery and recycling, as appropriate.
- Education and training for staff regarding the environment and the environmental impact of their activities according to environmental regulatory requirements.
- Incorporating energy efficiency measures into the firm's facilities and promoting efficient energy use in all areas of business activity.
- support
- Adopting a procurement program that takes into account the environmental impact of products and services.
- Improvement of environmental impact monitoring.
- Ensure our employees are aware of the environmental impact of their work activities and, through regular communication and training, encourage them to minimize this environmental impact.
- Provide all institute staff with the knowledge and tools needed to meet the goals of this policy and to actively participate in efforts to prevent negative environmental impacts.
- Implementing a program of continuous improvement by reviewing our environmental system of control and related objectives and policies and practices.
- Improving information for staff about their environmental roles and responsibilities.

As scientific understanding of the fundamental connection between human health and the environment develops, Evicor AG will actively demonstrate our commitment to environmental stewardship and sustainable development.
